2. SBAC Update/Testing- Team was given an update on when testing will happen and how it will. The tech team has suggested that it is best to use chromebooks over iPads.
3. Tech Update-Team has been reviewing different programs for SIS and are considering a change from IC if we can afford it.
4. Writing Committee Update- Team has met, created a rubric, and has decided on training and curriculum. We will only be able to purchase some of the curriculum this year due to the budget. The team has selected 6 traits and Step up to writing.
5. LCAP focus:
 - a. Last Years focus was: Needs that the groups see's as a focus for the district:
 - i. Collaboration district-wide- Tech Committee, Writing Committee, Benchmark Committee have met this year. More time needs to be spent on grade level collaboration district wide
 - ii. More training on CCSS- Training happened over summer and at the beginning of the year. Team felt trainings for the teachers need to focus more on differentiated instruction and collaboration on how to break down assessment data.
 - iii. Standards for challenging students across the board- training needs to happen. Really is not happening. Bob stated that all schools will participate in academic competitions. Some people were unhappy because their site did not participate.
 - iv. Tech training and person in charge- Not a lot of progress has happened on this front. It looks like Patrick Wilson will be the one in charge, but this is not definite. Katie brought it up if the district would allow the IT department to give IT support to people who brought their own tech device to school since the district is having issues replacing them due to the budget.
 - v. Eval and vision of tech- establishing protocol- Still not complete. Will happen with the tech team and the person who will be incharge of tech.
 - vi. Focus on Native American students- Grant for Native American Cultural Center at MHS is currently being worked on. Indian Ed is working with the Rancheria to help with the needs of the students and also on funding and resources from Johnson O'Maley (federal). Bob stated that it is needed to find out why the native american students are not thriving academically.

6. Review needs for LEA Plan-The plan is a mirror image of the LCAP and the goals will be updated to match what is in the LCAP.

7. Focus for next years LCAP:

- a. Training on primary math content knowledge and differentiation
- b. More specific calendar for minimum days
